

MEB – MASTER IN E-BUSINESS MANAGEMENT AND CONSULTING

ONE YEAR MASTER

II Edition: September 2009 – September 2010

Students interested in professional careers will be prepared for high-skilled jobs either in consulting firms or in public and private organizations running large scale IT projects. Students interested in continuing their academic path will have acquired an excellent preparation in the fields of information systems and organization science. MEB program is compliant with the European CEPIS standards.

STRUCTURE

MEB is entirely taught in English and the teaching periods will be provided both in Rome and in Paris with an internship experience within the e-Business domain. The one-year program is divided in three different teaching modules and two internships of 4 and 3 months.

DIRECTOR Alessandro D'Atri

FACULTY The MEB has an International Faculty with outstanding scholars and experts for the various subjects.

ADMISSION REQUIREMENTS

An undergraduate/bachelor's degree in social sciences (Economics, Business, Finance, Communication, Political Science, etc.) or in Engineering, Mathematics, Computer Science and Physics is required. Applicants should either have finished or expect to finish their undergraduate program by December, 2009. Italian students holding or about to gain a Laurea Triennale can be granted admission.
